Mop

Nexstep Commercial Products (937) 322-5163

Nexstep Commerical Products has introduced the MaxiClean Shrinkless Launderable Loop-End Mops. The mops feature shrinkless rayon/synthetic blend yarn, which can extend product life. A 100%-vinyl coated mesh headband provides added strength and stability, while a backtacked tailband holds firmly to the mop. The high-absorbency mop also makes floors dry faster and eliminates streaking, according to the company. The mops are eco-friendly and use U.S. manufactured yarn made of post-consumer waste and PET (polyethylene terephthalate) material.

Breaded pickle

Tampa Maid Foods Inc. (800) 462-5896

Tampa Maid has introduced new breaded-pickle options to its line of value-added products. Each crinkle-cut pickle medallion is blanketed in crunchy panko bread crumbs and can be prepared in the fryer in just minutes. They can be offered as an appetizer served with a signature dip, as a side or as a topping for burgers or sandwiches. They are available in two options: Seasoned Flour Breaded Pickles or Oriental Breaded Pickles.

Fryers

Vulcan (800) 814-2028

The PowerFry VK Series Fryers from Vulcan use the company's FivePass heat transfer technology, maximizing uniform heat transfers to the oil, which reportedly results in faster recovery and cook times. The design cooks up to 25% faster, according to the company, producing more products in less time and saving up to \$1,100 in energy use per year. The fryer is all stainless-steel construction, has sealed combustion technology and comes with a 10-year limited tank warranty.

Shelving

FFR-DSI Inc. (800) 422-2547

FFR-DSI's new Interlock Shelving System is a versatile metal rack that can be used in back-room or store-floor applications. The racking is available as a kit for ease of ordering or as individual components for a custom-designed solution. The system also is easy to assemble, with plastic mounting clips snapping into grooves on posts. They include printed inch marks to ensure accurate leveling, allowing shelves to adjust in 1-inch increments. Open-wire construction prevents the accumulation of dirt and dust.
